

Cross Fold

(5.75" x 3.875" Folded)

1/8" Capacity Cover Panel

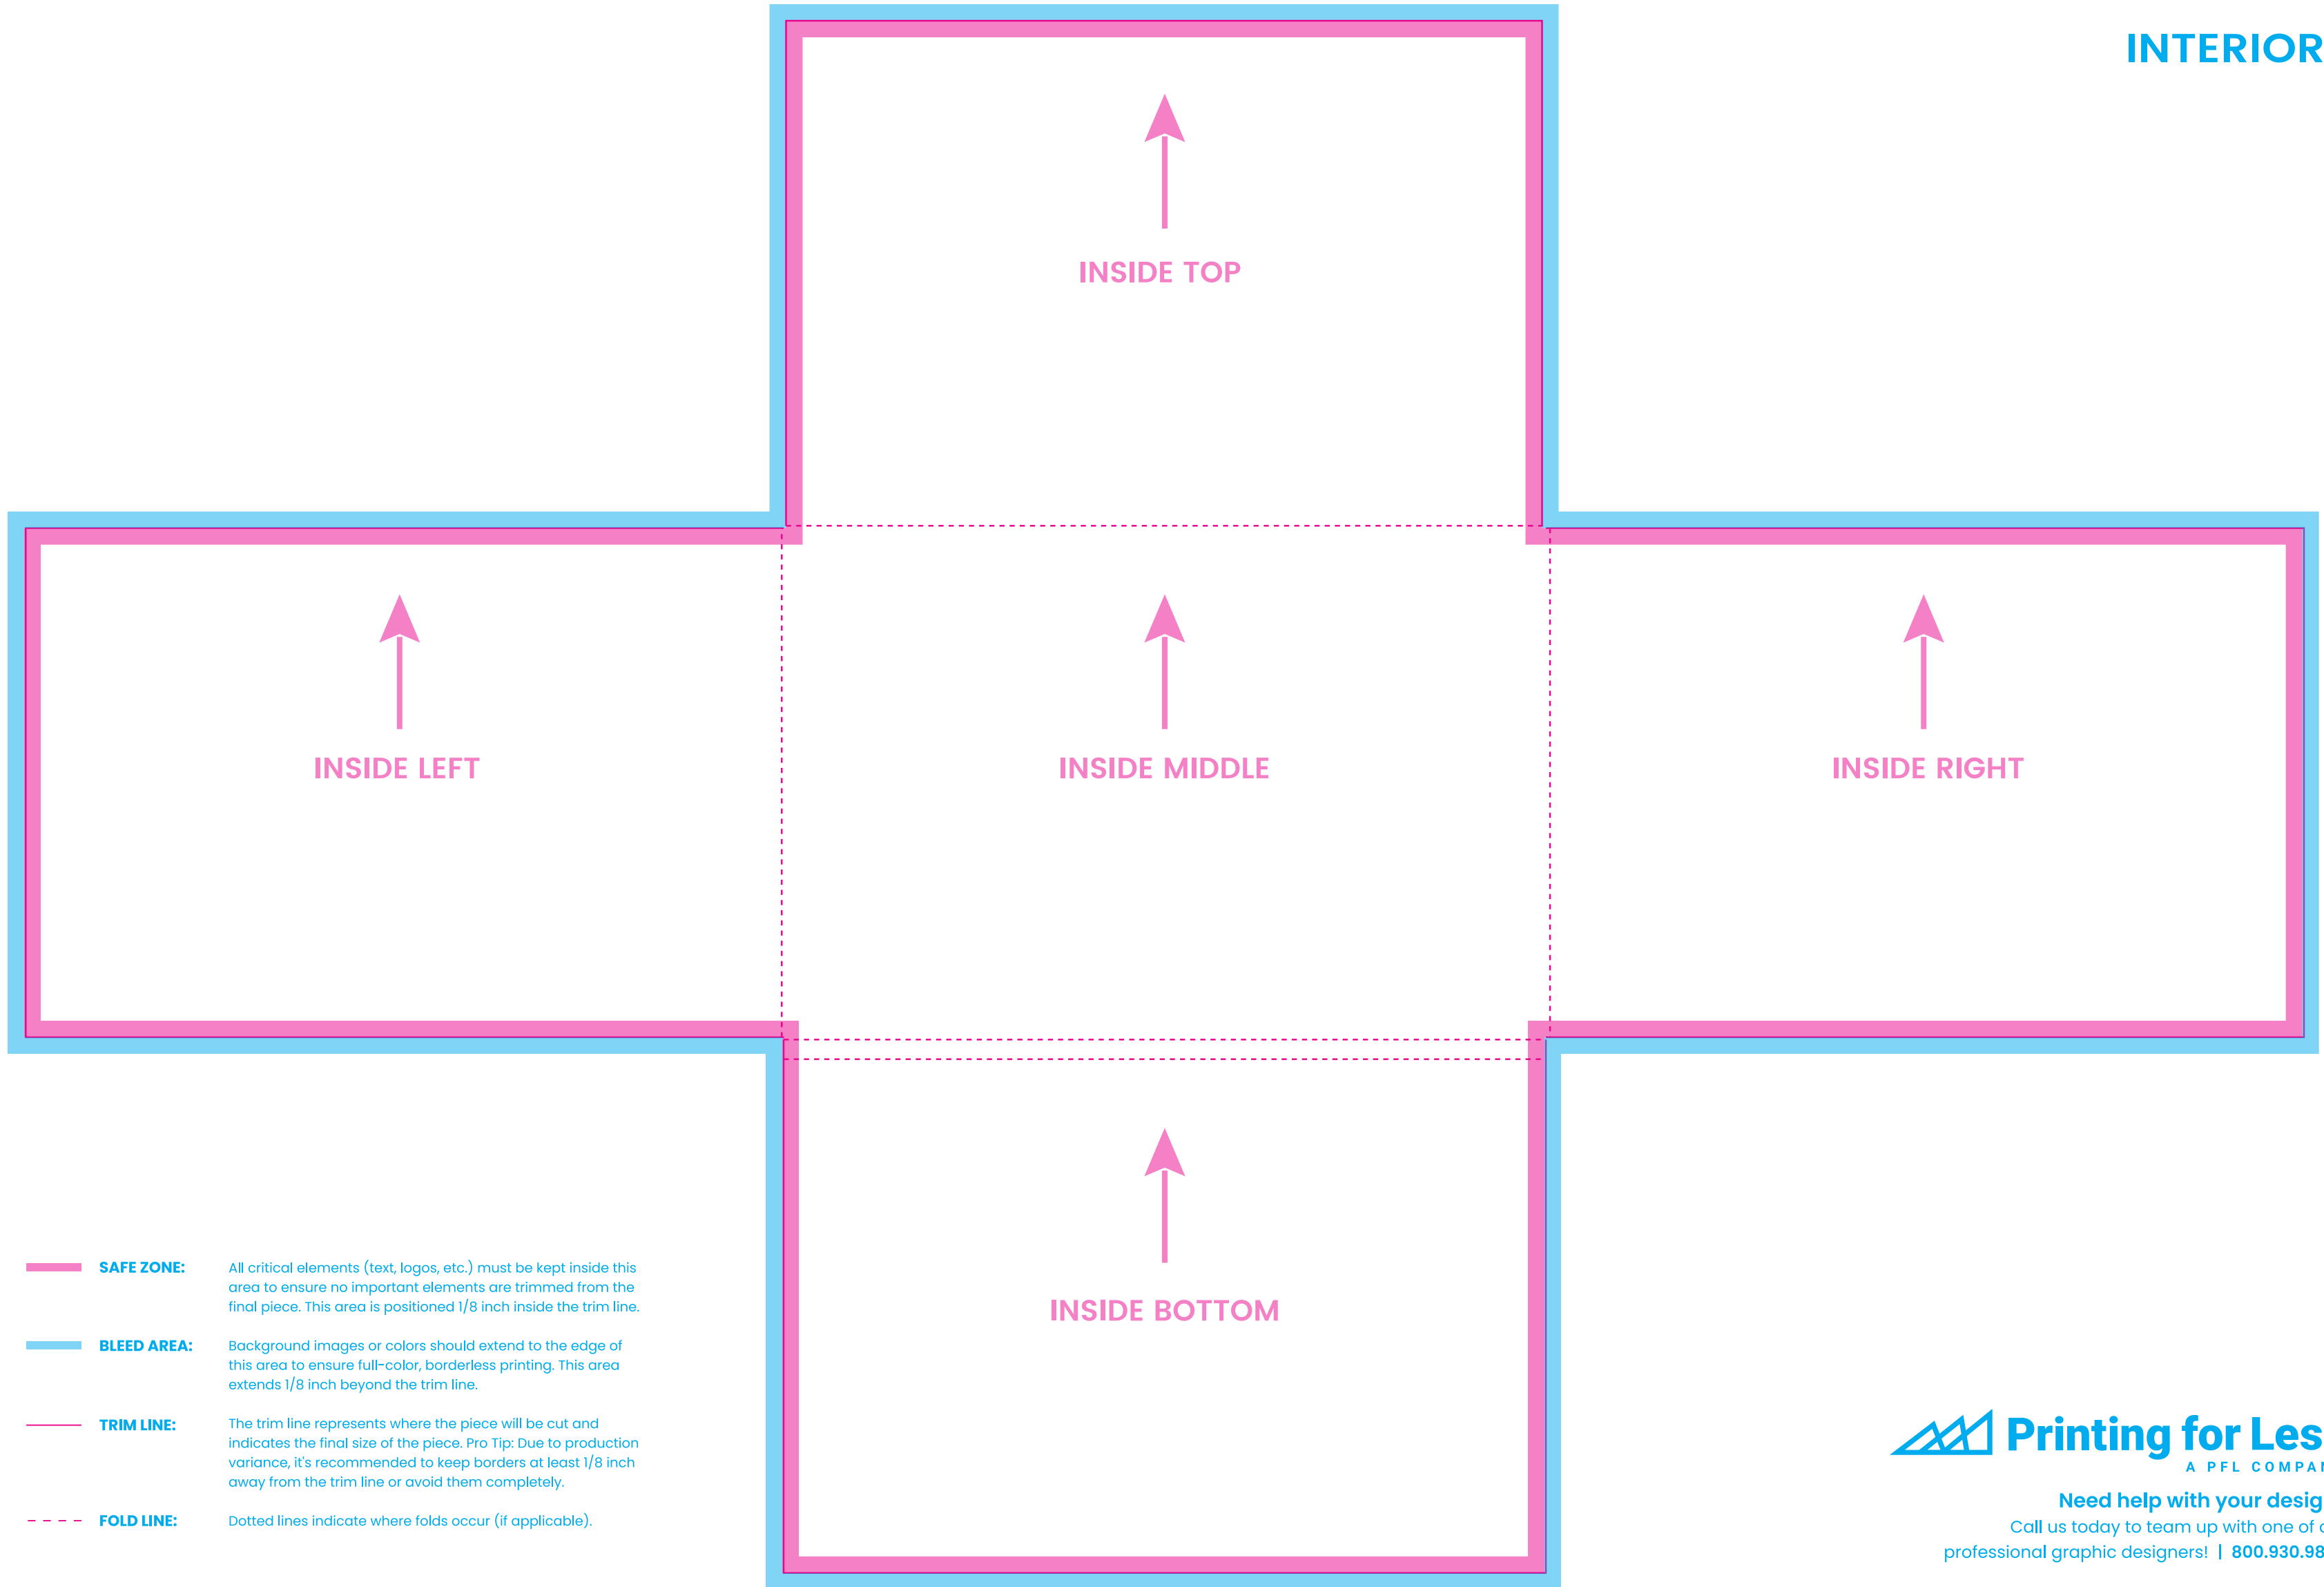

(Intended for Cover Stock)

NOTE: This product is designed to be compatible on digital presses which allows for low quantities and can be completely customized/personalized using Variable Data process.

EXTERIOR

- SAFE ZONE:** All critical elements (text, logos, etc.) must be kept inside this area to ensure no important elements are trimmed from the final piece. This area is positioned 1/8 inch inside the trim line.
- BLEED AREA:** Background images or colors should extend to the edge of this area to ensure full-color, borderless printing. This area extends 1/8 inch beyond the trim line.
- TRIM LINE:** The trim line represents where the piece will be cut and indicates the final size of the piece. Pro Tip: Due to production variance, it's recommended to keep borders at least 1/8 inch away from the trim line or avoid them completely.
- FOLD LINE:** Dotted lines indicate where folds occur (if applicable).
